- Including integral two-storey office accommodation
- Plus small mezzanine store of 990 sq ft (92 sq m)
- Substantial concrete yard and on site car parking to the front

# Former Metpost Site

## Halesfield 21, Telford

### LOCATION

The property enjoys a prominent location on Halesfield 21. Halesfield is one of Telford's most established industrial areas. It is accessed via the A442 Queensway, the town's main north/south distributor road, which in turn connects with the M54/M6 motorway link at Telford Town Centre. Junction 4 of the M54 motorway is approximately three miles to the north.

### DESCRIPTION

The property comprises a self-contained commercial site of approximately 1.8 acres, which incorporates a detached double-bay industrial unit with integral two-storey office block and a substantial surfaced yard and on site car parking.

The industrial unit is of steel portal frame construction beneath a pitched profile metal clad roof, having multiple roller shutter access doors to the rear and sides. The unit is essentially arranged in two-bays providing a production workshop and separate packing area. The latter includes a despatch office and mezzanine store to the front and an adjoining small welding bay to the rear.

The integral two-storey office block is positioned to the front of the building and provides a number of offices on the ground floor with staff restroom, kitchen and WC facilities on the first floor.

The yard area is located to the side and rear of the unit and is suitable for open storage, being surfaced with concrete and secured by perimeter fencing. The site benefits from a gated access point directly off Halesfield 21 and a car parking area to the front.

### ACCOMMODATION
