## Telford Logistics &amp; Technology Park

# Energy Resilience

The first new build industrial and logistics units with energy resilience built into the base build. In addition to being connected to the grid our buildings are part of a private wire network where the estate benefits from on site solar generation and battery storage allowing to offset or acquire exclusively all of the energy being generated.

Up to 15,000,000 kWh

Purchase agreement aligned to lease duration

Site wide carbon offset of up to 4,000,000kg

163,871m<sup>2</sup> of commercial space created – Developed under the Telford Land Deal.

# Employee Wellbeing

Employee wellbeing is a clear priority at the business park, with dedicated spaces designed to help people step away from their desks, get active, and recharge. Whether it's for a brisk walk, a breath of fresh air, or a moment to clear the mind, the park encourages everyone to make the most of its open surroundings.

## 350k Local workforce aged 16-64 within 30 minutes drive time.

The development offers a high-quality industrial and distribution facility near the M54, providing excellent access to the M6 and national motorway network in Telford's prime logistics hub.

The MRE logo consists of the letters 'MRE' in a bold, white, sans-serif font, enclosed within a white rectangular border. The background of the entire slide is a dark, high-angle photograph of a city skyline, featuring a mix of modern glass skyscrapers and older, more ornate buildings. The sky is overcast with grey clouds.
